1. Rationale

Yarra Primary School is committed to promoting and protecting the interests and safety of children. We have zero tolerance for child abuse.

Everyone working at Yarra Primary School is responsible for the care and protection of children and reporting information about child abuse.

Ministerial Order 870 - *Child Safe Standards - Managing the Risk of Child Abuse in Schools* provides guidance on how the Standards apply to a school setting. It came into effect on 1 August 2016. The Standards apply to all organisations that provide services to children.

To implement the minimum Standards in accordance with the Order school governing authorities must:

- take account of the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable; and
- make reasonable efforts to accommodate such diversity.

2. Policy statement

The Child Safe Standards (the Standards) are compulsory minimum standards for all organisations that provide services to children including Victorian schools. The aim of the Standards is to ensure organisations are well prepared to protect children from abuse and neglect. It is recognised that many schools will have existing policies and procedures that aim to keep children safe.

The Standards provide a framework to identify gaps and improve policy and practices around child safety. On 26 November 2015, the Victorian Parliament passed the *Child Wellbeing and Safety Amendment (Child Safe Standards) Bill 2015*, which amended the

CHILD SAFE POLICY

Child Safety and Wellbeing Act 2005 to introduce the Child Safe Standards that would apply to all organisations involved in child related work in Victoria.

The Victorian Registration and Qualifications Authority (VRQA) as regulator for all Victorian schools has responsibility for ensuring compliance with the Child Safe Standards in schools. The Standards are:

- Standard 1: Strategies to embed an organisational culture of child safety, including through effective leadership arrangements
- Standard 2: A child safe policy or statement of commitment to child safety
- Standard 3: A code of conduct that establishes clear expectations for appropriate behaviour with children
- Standard 4: Screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel
- Standard 5: Processes for responding to and reporting suspected child abuse
- Standard 6: Strategies to identify and reduce or remove risks of child abuse
- Standard 7: Strategies to promote the participation and empowerment of children.

To support schools to create a child safe organisation and protect students from all forms of abuse, and in accordance with the Child Safe Standards, Yarra Primary School will:

- Facilitate the prevention of child abuse occurring within Yarra Primary School.
- Work towards an organisational culture of child safety.
- Prevent child abuse within Yarra Primary School.
- Advise all parties of their responsibilities for identifying possible occasions for child abuse and for establishing controls and procedures for preventing such abuse and/or detecting such abuse when it occurs.
- Provide guidance to staff/volunteers/contractors as to action that should be taken where they suspect any abuse within or outside of the organisation
- Provide a clear statement to staff/volunteers/contractors forbidding any such abuse.
- Provide assurance that any and all suspected abuse will be reported and fully investigated.

- Facilitate the reporting of any inappropriate behaviour or suspected abusive activities.

All staff/volunteers/parents/contractors share in the responsibility for the prevention and detection of child abuse, and must:

Employment of new personnel

CHILD SAFE POLICY

Persons applying for a role as a teacher with the school must be registered with the Victorian Institute of Teaching.

Yarra Primary School may require applicants to provide a police check in accordance with the law and as appropriate, before they commence working at Yarra Primary School and during their time with Yarra Primary School at regular intervals.

Yarra Primary School will undertake thorough reference checks as per the approved internal procedure.

Risk Management

Yarra Primary School will ensure that child safety is a part of its overall risk management approach.

Yarra Primary School will have a school leadership team committed to identifying and managing risks at Yarra Primary School. The school leadership team will receive regular training in relation to child safety.

Reporting

Any staff member, volunteer or contractor who has grounds to suspect abusive activity must immediately notify the appropriate child protection service or the police. They should also advise their supervisor about their concern.

In situations where a member of the principal class is suspected of involvement in the activity, or if the person having the suspicion does not believe that the matter is being appropriately addressed or dealt with, the matter should be reported to the next highest level of supervision (e.g. leading teacher).

Teachers must report complaints of suspected abusive behaviour or misconduct to the Principal which must be followed through with a report to an external regulatory body such as Child Protection or the police.

Investigating

If the appropriate child protection service or the police decide to conduct an investigation of this report, all employees, contractors or volunteers must co-operate fully with the investigation.

Whether or not the authorities decide to conduct an investigation, the principal will consult with the authorities to determine whether an internal investigation is appropriate. If it is decided that such an investigation will not conflict with any proceeding of the authorities, the principal may decide to conduct such an investigation. All employees, contractors and volunteers must co-operate fully with the investigation.

Any such investigation will be conducted according to the rules of natural justice.

The principal will make every effort to keep any such investigation confidential; however,

from time to time other members of staff may need to be consulted in conjunction with the investigation.

After an initial review and a determination that the suspected abuse warrants additional investigation, the principal shall coordinate the investigation with the appropriate investigators and / or law enforcement officials. Internal or external legal representatives will be involved in the process, as deemed appropriate.

Responding

If it is alleged that a member of staff, contractor or a volunteer may have committed an offence or have breached Yarra Primary School's policies or Code of Conduct the person concerned may be stood down (with pay, where applicable) while an investigation is conducted.

If the investigation concludes that on the balance of probabilities an offence (or a breach of Yarra Primary School's policies or Code of Conduct) has occurred then disciplinary action may follow, up to and including dismissal or cessation of involvement with the school. The findings of the investigation will also be reported to any external body as required.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved unless there is a risk to someone's safety. Yarra Primary School will have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how the personal information is recorded, what will be done with it, and who will be able to access it.

4. Monitoring, Evaluation and Review

Every two years, and following every reportable incident, a review shall be conducted to assess whether the organisation's child protection policies or procedures require modification to better protect the children under the organisation's care.

5. Definitions

Child means a person below the age of 18 years unless, under the law applicable to the child, majority is attained earlier.

Child protection means any responsibility, measure or activity undertaken to safeguard children from harm.

Child abuse means all forms of physical abuse, emotional ill-treatment, sexual abuse and exploitation, neglect or negligent treatment, commercial (e.g. for financial gain) or other

CHILD SAFE POLICY

exploitation of a child and includes any actions that results in actual or potential harm to a child.

Child sexual assault is any act which exposes a child to, or involves a child in, sexual processes beyond his or her understanding or contrary to accepted community standards. Sexually abusive behaviours can include the fondling of genitals, masturbation, oral sex, vaginal or anal penetration by a penis, finger or any other object, fondling of breasts, voyeurism, exhibitionism, and exposing the child to or involving the child in pornography. It includes child grooming, which refers to actions deliberately undertaken with the aim of befriending and establishing an emotional connection with a child to lower the child's inhibitions in preparation for sexual activity with the child.

Reasonable grounds for belief is a belief based on reasonable grounds that child abuse has occurred when all known considerations or facts relevant to the formation of a belief are taken into account and these are objectively assessed. Circumstances or considerations may include the source of the allegation and how it was communicated, the nature of and details of the allegation, and whether there are any other related matters known regarding the alleged perpetrator.

A reasonable belief is formed if a reasonable person believes that:

- a. The child is in need of protection,
- b. The child has suffered or is likely to suffer "significant harm as a result of physical injury",
- c. The parents are unable or unwilling to protect the child.

A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof, but is more than mere rumour or speculation.

A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. For example, a 'reasonable belief' might be formed if:

- a. A child states that they have been physically or sexually abused;
- b. A child states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves);
- c. Someone who knows a child states that the child has been physically or sexually abused;
- d. Professional observations of the child's behaviour or development leads a professional to form a belief that the child has been physically or sexually abused or is likely to be abused; and/or
- e. Signs of abuse lead to a belief that the child has been physically or sexually abused.
