

Dear Parent/Guardian,

Yarra Primary School is looking forward to another great year of teaching and learning and would like to advise you of Yarra Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

The school receives its primary funding from the Department of Education (DE). This funding is provided as an amount per child each year and is designed to cover essential requirements associated with teaching the basic curriculum.

Why are families still asked to pay a contribution?

We have over 250 children at Yarra PS, each with different needs and different strengths. The parent contributions we receive enable us to provide a truly comprehensive and enriching program for our students – with a diverse range of educational activities and opportunities – over and above those associated with the basic curriculum.

For example, our Kitchen Garden Program is not part of the DE basic curriculum and is wholly funded by Yarra PS, this includes all kitchen and garden supplies as well as garden maintenance to keep the garden growing the food that the students cook and eat. And that's why your parent contributions are so very crucial.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Ross Davis
Principal
